> goyim

The jewish supremacists have given us a word that means "everybody except jews" and that word is goyim.
We could own this word and use it against them.
The rainbow became the symbol of God's covenant with man, His promise to the goyim, after He flooded the earth due to rampant degeneracy.
Today the degenerates have stolen this symbol and fly a rainbow flag to flaunt their sin in God's face.
We can use the word goyim to take back the rainbow.

Americans have internalized Judaism so hard they actually believe in shit like “vote with your dollars” and think if they operate solely within the confines of capitalistic markets society will correct itself.

Activism? Nope
Defending your heritage with your guns you always brag about? Nope
Forming any kind of organized groups? Nope
Buying Goya beans and Chick Fil A? you betcha, I’m a gosh darn patriot!!!!

It’s really pathetic, but such is life as an American. No matter how much ground the “conservatives” lose they will never accept the truth that their ideology fails to conserve anything. It’s designed to lose.
